Project title :- Stamp Management Software

Objective:

To develop a secure and robust Stamp Management System that enables Centralized control of inventory, sales, dispatches, and payment tracking with integrated notification and reporting features . The solution will be owned managed and operated by KSCCW.

Key features & functional scope

- Stamp Inventory Management
- Sales and dispatch operations
- Stock tracking and allocation History
- Payment Reconciliation System
- Transaction UI Panels
- Notification System

Deliverables

- Fully functional Stamp Management System tailored for KSCCW
- Complete deployment and source code handover
- Setup, configuration, and operational documentation
- Reporting & notification tools
- 12-month free post-Go-Live maintenance and bug-fix support

Project Timeline

- **Bid Submission Deadline: 12/06/2025**
- **Project Commencement: Within 7 days of bid approval**
- **Final Delivery Deadline: Within 60 days of approval**

Proposal Requirements

Interested vendors must submit a complete proposal including:

- Signed copy of this RFQ as acknowledgment
- Delivery & implementation schedule with milestone definitions
- Proposed technology stack

- Detailed payment terms

- Annual Maintenance Contract (AMC) options (if beyond free period)
- Deployment scope
- Responsibility matrix between client and vendor

We look forward to receiving your competitive proposal for this critical project. For any clarifications or communication, please contact:
